WHAT IS THE CONTRIB PLATFORM

CONTRIB is a global initiative to make valuable contribution an integral part of the new world. It's a platform that makes it easy to contribute to a project, and get associate rewards for valid transactions. It's a blockchain-based economy that rewards your every contribution to a digital asset and allows for the asset to grow in value.

Contribs Decentralized "Utility Tokens" in partnership with premium digital assets (URL's), use the intelligent network of REALTYDAO while offering anyone in the world, from the 8 year old game designer to the 74 year old fashion designer, the unique opportunity to contribute and earn CTB tokens.
